Royal Metallics

NEW

Create shimmer and shine inside and out with our metallic paint. Use it to dramatic effect in the garden as a high-light or a brave bold statement. Also, to be taken inside to create modern glittering interiors. This metallic paint goes on very easily to give a beautiful lustre and more coats build to give a solid gold, silver, copper or bronze look.

This top-quality metallic paint waterproofs and protects as well as giving all year-round glamour.

Product key facts

Long-lasting protection

Low odour and Low VOC (Volatile Organic Compounds)

Water-based

Rich long-lasting colours

Water repellent

Microporous high-build coating

Available in 125ml, 1 and 2.5 litre containers

Application tips

Coverage: 1 litre will cover approximately 8m²

The superior formulation of this metallic paint allows it to be applied to terracotta pots and masonry (will adhere to any material that is porous), as well as uPVC and wheelie bins.

Also ideal for crafting use as easy to wash up...while still wet.

We recommend 2 coats

Can be applied by brush or roller
